Beloved in Christ,

I greet you warmly in the grace and peace of our Lord and Savior Jesus Christ and offer to you my warmest best wishes and wholehearted congratulations on your 65th anniversary and Name Day Gala.

Every time I think of Saint Michael's Home, my heart fills with gratitude and admiration. This esteemed Institution of our Sacred Archdiocese shines brightly, exemplifying commitment and love. It reminds our faithful of the profound importance of serving our elderly, as they are the bearers of wisdom and experience. For it is through the knowledge that they pass down to us that we can better understand the importance of cherishing the insights of those who came before us and laid the foundation upon which we stand today through their many years of experience.

Saint Michael's Home serves as a sanctuary for our community. The dedication with which every need of its residents is met speaks volumes about the love and proficiency at work here. It is more than just a home; it is a place where traditions, values and the essence of our rich heritage come alive every day. From spiritual celebrations to the comfort of a familiar conversation, Saint Michael's envelops everyone in warmth and recognition. And it is most fitting, indeed, that you choose to honor Angeliki and Stylianos Zervoudis with your 2023 Archangel Michael Award. These two individuals embody and exhibit all of these precious qualities and values that you hold so dearly. Through their selfless work and magnanimous contributions to our parishes and institutions, they have made a lasting impression within our communities. And I join together with all of you in extolling these two humble and precious servants of our Church. May God continue to bless and pour upon all of you His rich and heavenly gifts.

Extending to the entire family of Saint Michael's Home my Archebiscopal blessings and commendation, I remain

With paternal love in Christ,

Dearly Beloved,

As always, the annual Name Day Gala is a joyous opportunity to celebrate the quality care which St. Michaels has offered countless residents since opening its doors on May 25, 1958. This year as we observe the 65th Anniversary of the facility, the Home finds itself at an exciting juncture in its history as the relocation and expansion project moves forward in Uniondale.

Hopefully those who have not yet done so will respond most generously to the Capital Campaign so that indeed we can complete the project next year. So many are anxiously awaiting the opening of this magnificent state-of-the art facility which will not only increase the capacity of the Home but above all, will offer progressively higher levels of licensed assisted care so that it is no longer necessary to transfer a resident to another institution for higher levels of care.

This evening the Home is delighted to honor Angeliki and Stylianos Zervoudis, distinguished members of our community who are not only successful in the world of construction and low & middle income housing but also, are benefactors of so many worthy philanthropic projects and charities. As Chancellor of the Archdiocese (2009-2019), I am fully aware of all that Steve did to help bring about the completion of St. Petros Church in Kingsbridge (Bronx). They are most worthy recipients of the 2023 *Archangel Michael Award* which is awarded annually to those who *embody and promote the finer qualities and traditions of our Greek Orthodox Heritage*. Truly, Mr. and Mrs. Zervoudis embody those qualities especially their dedication to service to humanity and they are a source of pride, joy and inspiration to the Greek American community. Heartfelt congratulations to our evening's honorees!

In closing, I also want to take this opportunity to express my heartfelt appreciation to all who over the years have selflessly offered their *time, talents and treasures* to help the facility reach this exciting crossroads. I am especially indebted to the staff lead by our administrator Kiki, the dedicated and very talented members of the Board of Trustees, the tireless Volunteers and our magnanimous benefactors, including everyone who has generously supported this gala. *The grace of our Lord and Savior Jesus Christ be with you all!*

Faithfully in the Service of our Lord,

Dear Friends and Family

On behalf of the Board of Trustees it gives me great pleasure to welcome you all here this evening as we celebrate the Name Day of our beloved St. Michael's. For over 65 years the Home has provided Greek Orthodox elderly with a nurturing home and quality care.

As president of the Board of Trustees I have the pleasure of working closely with the dedicated Board members, hard working staff, as well as with His Grace Bishop Andonios .who has been our guiding light for over 25 years . Together this team makes the St Michael's Home the jewel of our Archdiocese.

The annual gala is not only a celebration of this important institution but also an opportunity to raise funds for the operation of the existing Home and for the construction of the new St. Michael's Home. As you know construction has started in Uniondale to date we are 70 percent completed and I truly believe if we work together we can raise all the money that is needed to create a state of the art facility for our Greek Orthodox elderly .

An evening like tonight is only made possible through the efforts of many dedicated people. I would especially like to acknowledge this evening's Gala committee as well as co -chairs Lily Katos and Steve Tenedios. And our wonderful honorees Sylianos and Angeliki Zervoudis of Galaxy Contracting Corporation . I would also like to thank all of our generous donors and journal sponsors , whose financial support helps this great institution fulfill its mission.

Once again , we truly appreciate your support. Thank you for joining us this evening to celebrate another wonderful year. St. Michaels. Please enjoy the Gala!

Sincerely ,

THE SYNAXIS OF THE ANGELIC - LEADERS MICHAEL & GABRIEL AND ALL THE BODILESS POWERS

On November 8th St. Michaels Home celebrates its Name Day since it is the date our Church celebrates the Synaxis (Gathering) of the Angelic-Leaders Michael and Gabriel and all the Bodiless Powers. The facility bears the name of Archangel Michael while the chapel is dedicated to the "Taxiarchai" (another name for the Archangels). In the 4th Century A.D., Pope Sylvester and Patriarch Alexander established that there are 9 orders (ranks/categories) of Bodiless Powers: Archangels; Six-Winged Seraphim; Many-Eyed Cherubim; Thrones; Dominions; Virtues/Authorities; Powers; Principalities and Angels, each group with its own particular function and task. It was decided to designate a Feast Day in their honor and in accordance with the 9 orders of Bodiless-Powers, November was selected as it was the 9th month on the calendar during the early days of the Roman Empire. The 8th day was selected in conjunction with the Last Judgment of God which the holy Fathers called the 8th day since in the final age, when the 7 days of creation have elapsed, will come the 8th day and then "shall come the Son of Man in His glory and all the holy angels together with Him". (Matthew 25:31)

There are 9 known Archangels, each of whose name has special meaning: Michael - "who is like God; Gabriel - "the power of God"; Raphael - "the healer"; Uriel - "light of God; Salathiel - "one who prays to God; Jequdiel - "one who glorifies God"; Barachiel - "the blessing of God"; and Jeremiel - "salvation of God". As a doxology but also of prayer we fervently offer the Apolytikion/Hymn of the Archangels.

THE LEADERS OF THE HEAVENLY ARMIES,
WE IMPLORE THOUGH BEING UNWORTHY,
THAT WITH YOUR PRAYERS YOU FORTIFY US
UNDER THE SHELTER OF YOUR WINGS,
OF YOUR SPIRITUAL GLORY, GUARDING US AS
WE BOW BEFORE YOU AND INCESSANTLY CRY:
SAVE US ALL FROM DANGER, AS THE COMMANDERS
OF THE HEAVENLY POWERS

Since 1981 Galaxy has developed residential and commercial properties throughout the five boroughs. Headed by Steve Zervoudis, Galaxy has become a prominent developer, contractor, and manager of low and moderate income housing. Over the past 34 years, Galaxy has rehabilitated or constructed approximately 235 buildings with almost 6,500 units, as well as numerous two, three, and four family homes. Many of the projects completed by Galaxy involved rehabilitation of apartment buildings (both occupied and vacant), and construction of new apartments and commercial space. Over 85 projects were complete gut-renovations.

In 2008 Steve and his four sons established Galaxy G.C. Group LLC. Galaxy G.C. Group acts as a General Contractor, while Galaxy General Contracting Corp. focuses on constructing company owned real-estate developments. Each project has a principal and a lead manager, with a dedicated and diverse staff who work closely with the owners, government agencies, and design team to deliver a completed project meeting all your needs. Galaxy's team is proud to have added many unique buildings to New York's skyline.

Through the years Galaxy has done work for both public and private agencies as well as private owners. Many projects have been funded by the NYC Department of Housing Preservation and Development (HPD), the NYC Housing Development Corporation (HDC), and the Community Preservation Corporation (CPC). After the devastation of Superstorm Sandy, Galaxy was one of 3 contractors assigned to New York's Build it Back program, tasked with rebuilding homes and helping local families displaced by the storm.

BUILDING FOR THE FUTURE

THE VISION:

For 65 years, St. Michael's has provided quality care to the elderly but it has been with limitations imposed by its one license as a residential adult care facility. As a result of the aging process, when a resident requires a higher level of care than that permitted by the current license, St. Michael's is obligated to transfer these individuals to other institutions. Moreover, the Home has been unable to accept applicants whose care-needs exceed those the facility is allowed to offer.

In November 2014, an 11-acre site was purchase for \$7,000,000 in Uniondale which had housed a Roman Catholic Rockville Centre diocesan high school. This site was deemed most appropriate as it provides an expansive structure within which to include various housing accommodations, and there is plenty of property for future expansion.

Because of efforts underway for the rebuilding of St. Nicholas National Shrine, fund-raising was postponed so as not to conflict with that project or overburden the community. In the meantime, the necessary applications were submitted to the Department of Health and in November 2020, DOH issued the necessary approvals to start construction. In January 2021, work began on transforming the building which encompasses over 100,000 sq. ft. into a magnificent state-of-the-art facility with all the amenities people expect in this day and age..

The new St. Michael's will not only be able to accommodate more residents (150 vs 60); not only have all amenities one expects in this day and age; but more importantly, will offer progressively higher levels of care thus eliminating the need to transfer a resident to another institution, as well as be able to accept applicants who do not qualify for the current facility as their care needs exceed those allowed under our current license.

Included in the renovated structure will be: independent living one-bedroom & studio rental apartments; studio bedrooms with bathroom for independent and assisted living; a secure Memory Care Wing for those with Alzheimer's and dementia; as well as a beautiful Greek Orthodox house of worship, Library; Community Center with a fireplace, Computer Room, Exercise Room, Taverna, Arts/Crafts Room, Beauty Salon, Wellness Center and many other ancillary spaces needed to provide an appealing and nurturing environment for all residents.

WHERE ARE WE NOW:

As of October 2023, the project is about 70% complete and almost \$40,000,000 has been pledged/collected. Initially the expansion was projected to cost \$48,000,000, but historic inflation increased that amount by another \$6,000,000-\$7,000,000. A \$10,000,000 construction loan is in place but cannot be accessed UNTIL we bridge the gap between the last \$10,000,000 needed to complete the necessary work to be able to open the facility, and the funds already committed. Once we have secured these funds and are thus eligible to access the loan, work will accelerate on the project and construction can be completed in 6-8 months!

This magnificent new facility is so close to being completed and yet cannot because of this shortfall which is relatively small in relation to the almost \$40,000,000 which has been raised. Hopefully those who have not yet participated in the Capital Campaign will do so and help complete the project. **NOW is the time for those who have not yet participated in the Capital Campaign to generously support the expansion and help bring about its realization which will impact the lives of so many.**
